

Mitchell County Health & Human Services Provider Directory

Mitchell County Health & Human Services Provider Directory

This is a directory of health and human services available to residents of Mitchell County. While this directory is as complete as the available time and information allowed, it should not be regarded as fully comprehensive. Agencies, services and contact information are constantly changing. This directory was produced in 2009 by the Mitchell Community Health Partnership.

(Children must be potty trained)
- How do clients apply?** Call or come to the school
- Yearly Fees:** Morning Program: 8:15am to 12 noon - \$2550
Extended Day Program: 8:15am to 2:45pm - \$3550
- Services:** It is basic to the Montessori method that single classrooms be created for children in age groups of three successive years; thus, the preschool has two classrooms which each include children from 2.5 to 6. The children learn to work cooperatively in small groups and are encouraged to pursue individual interests at their own pace.
All five senses are involved in learning, so our unique materials allow the child to manipulate objects to discover abstract concepts. Both language arts and mathematics utilize unique materials in the same special ways.
We want students to love learning, to value knowledge and creatively, and to become responsible, critical thinkers as well as caring, compassionate members of society.
